# Typography

Typography displayed in your site

## Get typography displayed in your site

Purity III provides variety of typo that will save your time to build your content and make your content look great. We put all typos used to build Purity III content to typo page (all menu items under Typography menu item).

Doc Navigation

Display Typography in your site

Supported typography pages

Back to main page → [{/documentation/joomla-templates/purity-iii/}](/documentation/joomla-templates/purity-iii/)

<http://www.joomlart.com/tutorials/joomla-tutorials/tutorial-how-to-add-pr>

View typo page ([http://joomla-templates.joomlart.com/purity\\_iii/index.php/typography](http://joomla-templates.joomlart.com/purity_iii/index.php/typography))

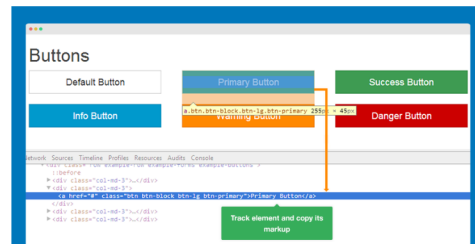

### Note:

Purity III integrates Bootstrap 3 so it supports all Bootstrap 3 typo.

## Step 1: get markup of typo

There are multiple ways to get markup of typo.

### #1: using Firebug

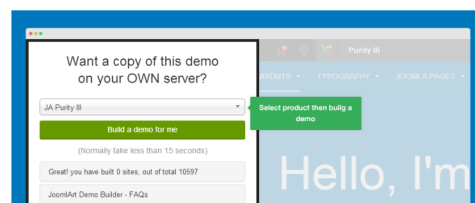

### #2: using quickstart package

We provide a quickstart package that include sample data so that when you install, your site will be the same with Purity III demo. When you have the site, just login back-end and get the markup of typo from articles, custom HTML module.

### #3: using demo builder

We provide a quickstart package that include sample data so that when you install, your site will be the same with Purity III demo. When you have the site, just login back-end and get the markup of typo from articles, custom HTML module.

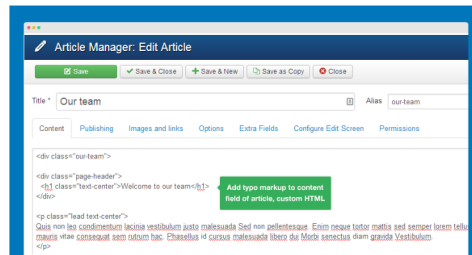

Access demo builder ([http://www.joomlart.com/demo/#purity\\_iii](http://www.joomlart.com/demo/#purity_iii))

## Step 2: add markup of typo to your content

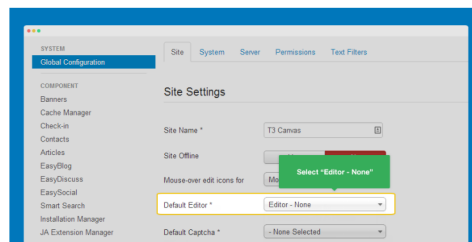

You can add the typo markup to content field of article or custom HTML

JWC2015: Thousands of FREE GOODIES & OFFERS with #unitedbyjoomla [Grab them all! http://www.unitedbyjoomla.com/](http://www.unitedbyjoomla.com/)

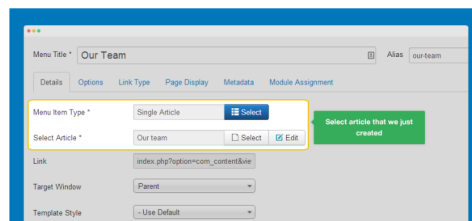

#### Turn off editor:

When you add HTML code to content - article, please make sure you turn the Editor off. Go to **Sytem >> Global configuration**, select **Editor - None** in the field **Default editor**.

#### Step 3: get the typo displayed in front-page

Create a menu, assign to the article we added typo markup to.

## Supported typography pages

The pre-made typo will save your time when you build your site content.
